

Join the Maine Archaeological Society

The MAS is growing and we want you to be part of it! Join us as we build new public programs and opportunities for archaeological involvement.

Your membership brings you:

- 1) a subscription to the bi-annual *Maine Archaeological Society Bulletin*, which contains articles on Maine archaeology, excavation reports, and book reviews.
- 2) an invitation to the spring and fall meetings where there are formal lectures on recent excavations, and opportunities to meet others interested in archaeology
- 3) discounts on some publications relating to archaeology;
- 4) information on how to volunteer on archaeological projects.

Do you know anyone with an interest in archaeology who is not a member? Please have them visit the MAS website and encourage them to join!
